## Glyph Drawing with April Phillips

Mission:

- Complete a black and white glyph drawing
- Include 3 elements:
  - A defined space, area or shape: 'the gallery'
  - Visual things that you are exploring in your visual arts practice
  - Title for a solo exhibition of your visual art works

Steps:
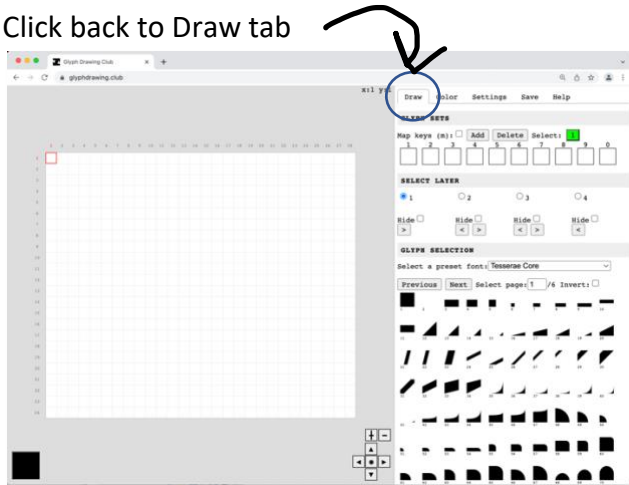

1. Go to: glyphdrawing.club
   You are here!

2. Click on the 'settings' tab
   <u>At selection:</u> Add row ⬆ x 5 and Add col ⬇ x 5
   <u>Canvas size:</u> increase to 300 DPI (a good resolution for printing)

3. Click back to Draw tab

4. Select a glyph from the current group 'tesserae core' (you will know its selected when the red box is around it)

5. Click onto the canvas where you would like to place the glyph.
   Try out these actions:
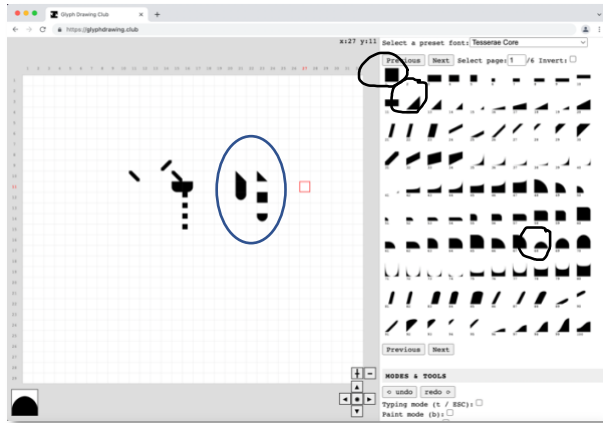

Q or Return / Enter = draw
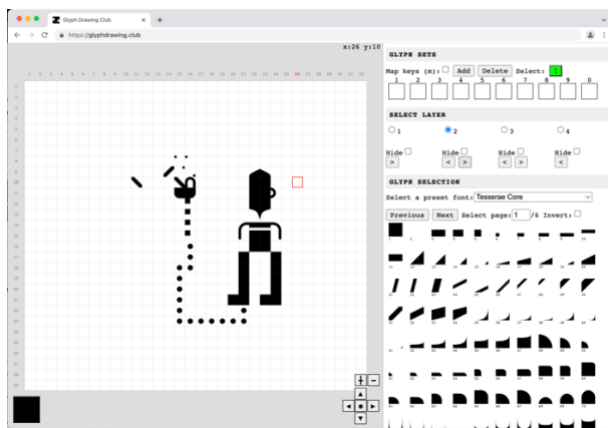

F = flip

R = rotate

space bar = delete

arrows or click = navigate around your canvas

6. Tip: Glyphs connect to make new shapes.
   Square 1 | Triangle 12 | Semi circle 68

7. Time to draw!
   o The gallery
   o Something from your visual arts practice

8. Time to place your Exhibition title!
   Select a new set of glyphs: Raymanta

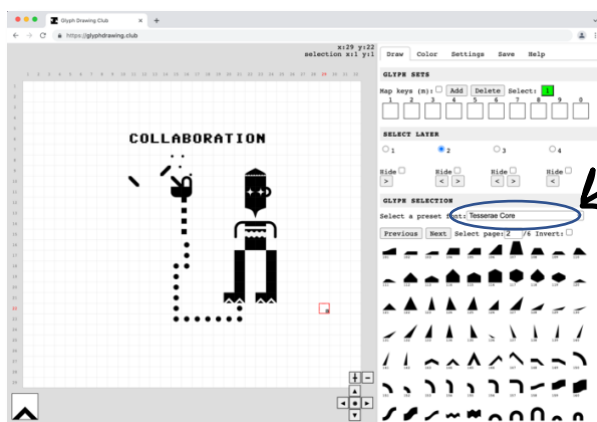

9. Have extra time?

Add some white details in a new layer.
Click on layer 2. Button

10. Click on colour tab and select white

11. Select 'tesserae core'
    add some white glyphs over the top of your drawing

12. Ready to save!

Click on 'save' tab
Rename your file: First name, initial and drawing e.g April P Drawing
Export Png

13. Look out for the pop up!
   A pop up should appear in the bottom right hand corner of the screen that says "Copy to Clipboard" - Click on this.

14. Upload your image to the padlet page
